The "Closed Pool" Strategy

Instead of launching to the wild where junk data degrades quality, Senara kicked off within a tight, trusted community network (corporate partners, church referral hub, professional alumni) ensuring every single profile is hand-curated.

Phase 1

Closed Community Pool

Curated referrals, live event testing, 41 initial cohort applications.

Phase 2 (Current)

Curated Employer Invitation

Blue verification onboarding for verified corporate employers & direct chats.

Phase 3

Open Regional Rollout

Full open registration while preserving algorithmic verification gates.

SENARA

Senara Phases

Senara has successfully validated its core hypothesis through the Business Men Day launch. We are now scaling from the closed high-trust community into Egypt's foremost precision hiring ecosystem.

PHASE 01

Church Hiring Pilot & Data Sync

Testing with dedicated church hiring administrators responsible for uploading candidate datasets via bulk Excel ingestion tools and connecting their verified data directly to the live platform on the website (41 accounts, 9 businesses validated).

PHASE 02

Expansion All Over Egypt

Applying the verified model across all Egyptian governorates: launching Pro B2B company subscriptions, promotional & in-app banner offers, and onboarding corporate clients across Egypt.

PHASE 03

Worldwide Expansion via Churches

Expanding Senara globally through international church networks and diaspora communities in North America, Europe, Australia, and the Gulf, connecting verified Egyptian talent with global opportunities.

PHASE 04

Startup Ecosystem Hub ("Hook with Startups")

Launching a dedicated "Startups" tab inside Senara, empowering business owners and enterprise leaders to discover, partner with, and "hook" high-potential emerging startups for B2B supplier deals and innovation.

PHASE 05

"Senara Tank" — Pitching & Equity Funding

A premier deal-making stage where curated startups pitch live to angel investors and business leaders for interviews, strategic syndicates, and direct equity funding rounds.
